

Family Physiotherapy Centre Becomes a Recognized Partner

October 27th, 2009 Ottawa Ontario

Family Physiotherapy Centre (FPC) is pleased to announce that our application to become a Partner with Safer Healthcare Now has been approved!

“Our long standing commitment to senior’s health is unsurpassed in the National Capital Region and probably throughout Ontario” stated Steve Brown FPC President and this partnership opportunity will help us to further understand the challenges that senior face in their day to day lives and more importantly will afford us the opportunity to work with experts from a variety of healthcare industry professionals who truly have Canada’s seniors best healthcare interest at heart concluded Mr. Brown.

Who is Safer Healthcare Now?

Safer Healthcare Now! (SHN) is a patient safety initiative aimed at reducing preventable adverse events and deaths in Canadian hospitals and Long Term Care Homes. It is patterned after the 100K Lives campaign, which is being led by the Institute for Healthcare Improvement (IHI) based in Cambridge, Massachusetts.

Who Is Family Physiotherapy Centre?

Ottawa owned and operated Family Physiotherapy Centre (FPC) has been providing outstanding professional service to patients in Eastern Ontario since 1999."

At Family Physiotherapy Centres we pride ourselves in delivering Researched Programs of Care that affords us the opportunity to effectively measure your progress based on a Best Practice model that includes relevant Outcome Measures. Our Quality Assurance Program can only be measured by your overall satisfaction with our Programs of Care and the resulting sustainable recovery.
