Endless Ice Skate Treadmill

Family Physiotherapy Centre is pleased to announce their acquisition of two EI-1500 Pro Endless Ice skate treadmills with one located at FPC's Sport Conditioning and Wellness Centre on Thurston Rd. in Ottawa and the second unit at FPC's soon to open Sport Conditioning and Wellness Centre in Brockville.

This is a huge investment on FPC's part, but given the popularity of Hockey and all other skating related sports in Ottawa and the Brockville area, the investment will be greatly appreciated by all enthusiasts.
